

Quick tip to register a student whose parent has no e-mail and no permission form to upload.

1. Obtain written or verbal permission from parent
2. Copy the student registration link from the fair admin or teacher dashboard
3. Log out of Scienceteer
4. Paste the school registration link into a browser window
5. Fill out the information (or have the student do it)
6. When it asks for parent name, enter parent name
7. When it asks for parent e-mail, enter the **teacher's** email instead.
8. Finish the registration
9. Teacher will receive the parental consent e-mail
10. Make sure the teacher is logged out of Scienceteer
11. Open the teacher's e-mail and click the parental consent e-mail
12. Enter the parental information
13. Sign the parent's name and submit
14. Login to Scienceteer, find the student using your teacher dashboard
15. Click "edit profile" to give the student a new password
16. The student can now log in
